PRIYA VENKATESH

Chennai, India | priya.v@example.com | +91 91234 56789 | github.com/priyav-code

WORK EXPERIENCE

Freshworks — Full Stack Intern
Chennai | Jan 2025 - Jun 2025

- Designed ticketing automation workflows handling 50k events daily using Node.js and Redis.
- Implemented role-based access control (RBAC) with JWT tokens and refreshed security audits.
- Migrated legacy AngularJS modules to modern React with TypeScript.

PROJECTS

Next.js E-Commerce Engine
Next.js 15, PostgreSQL, Stripe

- Built full-stack retail portal featuring server actions and Supabase RLS.
- Integrated automated webhook handlers processing idempotent order payments.

Cloud Event Bus
Python, AWS Lambda, DynamoDB

- Architected serverless event routing service managing subscriber notifications.

EDUCATION

Anna University, CEG Campus
B.E. Computer Science (2021 - 2025)
CGPA: 9.1 / 10
