ADITYA SHARMA

Bengaluru, India | +91 98765 43210 | aditya.sharma@example.com | linkedin.com/in/aditya-sharma | github.com/aditya-dev

EDUCATION

Indian Institute of Information Technology, Allahabad **2022 - 2026**
B.Tech in Computer Science and Engineering *CGPA: 8.85 / 10.0*

EXPERIENCE

Groww India **Bengaluru, India**
Software Engineering Intern *May 2025 - July 2025*

- Engineered real-time mutual fund transaction ledger processing 15,000 requests/minute using Go and Apache Kafka.
- Reduced PostgreSQL query latency by 38% through composite indexing and query plan restructuring.
- Built automated reconciliation pipeline verifying end-of-day balances across payment gateway webhooks.

PROJECTS

Distributed KV Store (Go, Raft, gRPC) **2025**

- Implemented leader election, log replication, and heartbeat fault-detection protocol adhering to Raft specification.
- Benchmarked cluster throughput reaching 42,000 write ops/sec across 5 distributed node replicas with sub-15ms latency.
- Containerized deployment using Docker and wrote end-to-end chaos testing harnesses simulating network partitions.

TECHNICAL SKILLS

- **Languages:** Go, Java, TypeScript, C++, SQL, Python
- **Frameworks:** Spring Boot, React, Next.js, Express, Tailwind CSS
- **Tools & Infra:** PostgreSQL, Redis, Apache Kafka, Docker, Kubernetes, Git, Linux
